GETTING STARTED

RECIPE CARDS

GARBAGE CAN CARDS

INGREDIENT TOKENS

GARBAGE CAN TOKENS

TIP: Only pop out 1 Token from each board before your first game! Save the others as a backup!

TIP: For game storage, place Tokens back in their plastic sleeves. This will help preserve the scents.

SET-UP

RECIPE CARDS & GARBAGE CAN CARDS

Shuffle each card type separately and place the two decks face down.

TOKENS

Assemble 1 set of Recipe Tokens and Garbage Can Tokens ingredient side down like above. No peeking!

RECIPE CARDS

Draw 5 Recipe Cards and place face up.

INGREDIENT TOKEN SCENTS

- | | | | | |
|-----------|--------------|--------|------------|------------|
| Apple | Cherry | Honey | Peach | Vanilla |
| Banana | Chocolate | Lemon | Pineapple | Watermelon |
| Bubblegum | Cinnamon | Milk | Pine Tree | |
| Butter | Coffee | Mint | Popcorn | |
| Caramel | Cola | Orange | Raspberry | |
| Cereal | Cotton Candy | | Strawberry | |

Looking for Garbage Can scents? They were left off the list to make the game more challenging! Take your best guess!

OBJECT

Gently scratch 'n sniff Ingredient Tokens to complete and collect Recipe Cards. Risk smelling and identifying the Garbage Can Tokens for exciting rewards!

WINNER

The winner is the first player to collect **3** Recipe Cards by matching the corresponding Ingredient Tokens.

ON YOUR TURN

Choose a player to go first then play moves to the right.
Your turn is over when you have completed all four steps.

STEP
1

PICK 'N SNIFF

Select **1** Ingredient Token or Garbage Can Token*, keeping the ingredient side down. Gently rub or scratch the Match 'N Sniff side and hold it up to your nose so everyone except you can see the ingredient on the other side. Take a big whiff! What do you smell?

TIP: Not sure? Try guessing one of the ingredients from the Recipe Cards in play, or peek at the scent list on the other side of this page.

STEP
2

GUESS

Call out what ingredient you think you are smelling!

If You're Right: Place the Token ingredient side-up from where you first selected it.

If You're Wrong: Place the Token back down, keeping the ingredient side hidden.

STEP
3

MATCH

Check out all the Tokens that are ingredient side-up. If you spot a match with any Recipe Card ingredients currently in play, place it on the corresponding card. If you complete a Recipe Card (match both Tokens on the card), put those Cards and Tokens in front of you.

***Garbage Can Token Bonus:**

More risk, more reward! If you chose and correctly guessed a Garbage Can Token, move the Token out of play and draw the top card from the Garbage Can Card deck. Read your reward aloud—you can use it now or save it for later, but remember, you can **only use it once**, and it can only be played during your turn!

STEP
4

COMPLETE YOUR TURN

Draw enough cards from the Recipe Card deck to ensure there are **5** total Recipe Cards face-up in play. **Your turn is now complete. The player to your right plays next.**

WANT TO SWITCH IT UP? ADD ONE OR MORE TO YOUR GAME PLAY:

- Put a limit on the number of sniffs a player can take per token.
- Allow other players to give hints.
- Try allowing **2** Ingredient Tokens to be chosen and sniffed per turn.
- If game play starts to become too easy, keep the correctly guessed Ingredient Tokens ingredient side down so you have to remember where they are located.
- Use both sets of Ingredient Tokens to play a traditional memory style game using either scent or sight.
